ADAPTATIONS

Using AT LEAST the characteristics you were given, create an imaginary animal and determine to which of the following environments it is best suited. Write the characteristics you were given, circle the environment you chose, and write a **5 sentence summary** describing how **each** feature has allowed your animal to adapt to this particular environment. AFTER you are done with your summary, you can draw and color your animal on the back of this page.

Use the 5 types of adaptations as a guide. Be creative.
